

Dragonfly Pin Instructions

Fig. 1

Fig. 1-

Lace one Rexlace strand through the spring end of a safety pin.

Fig. 2

Fig. 2-

Pass strand end A over safety pin and under strand B.

Fig. 3

Fig. 3-

Fold strand B under strand A. Pass strand B under one side of the safety pin and back over strand A.

Fig. 4

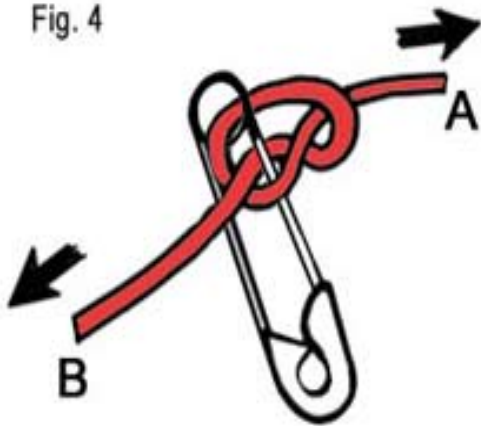

Fig. 4-

Pull both ends to tighten the knot.

Fig. 5

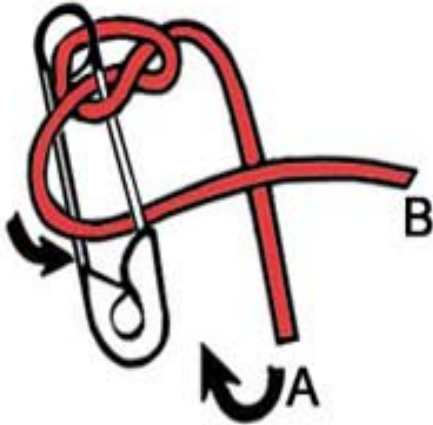

Fig. 5-

Pass strand B back under the safety pin and over strand A.

Fig. 6

Fig. 6-

Fold strand A up over the safety pin and through the loop created by strand B.

Fig. 7

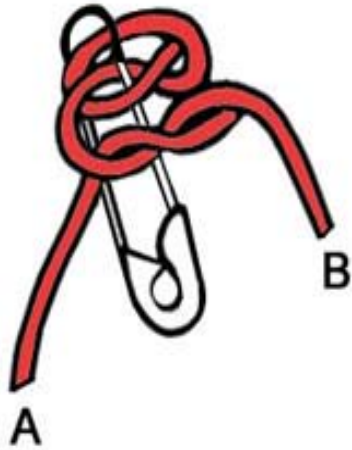

Fig. 7-

Pull both ends to tighten the knot.

Fig. 8

Fig. 8-

Repeat steps 2 thru 7 until the safety pin is full of knots.

Fig. 9

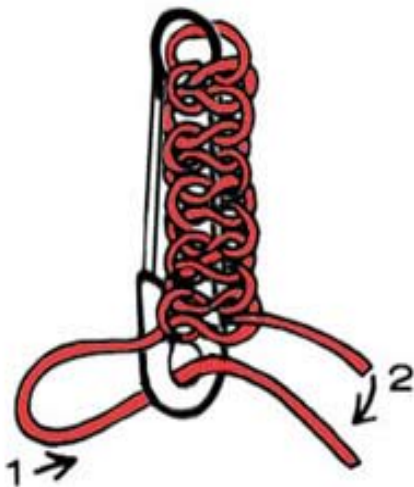

Fig. 9-

With the remaining Rexlace, pass the ends through the large hole in the safety pin. Do not tighten.

Fig. 10

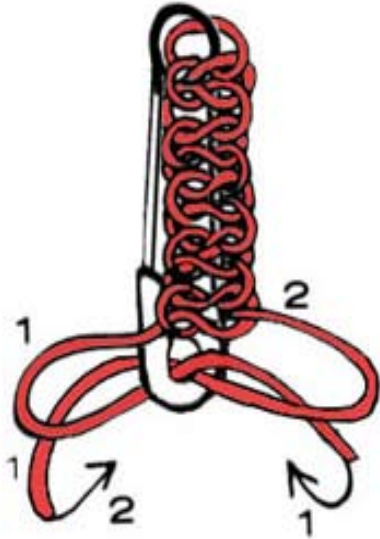

Fig. 10-

Pass the ends through the hole again.
Do not tighten.

Fig. 11

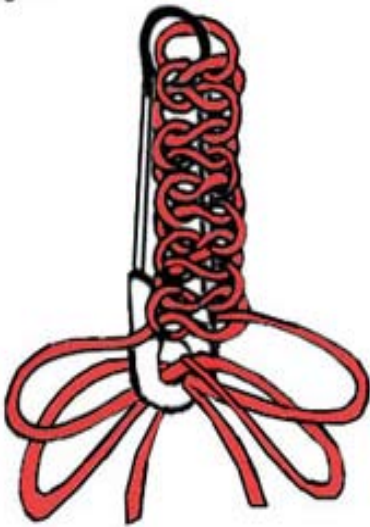

Fig. 11-

Tie the ends together. Tighten the knot to the safety
pin. Form a second knot if necessary. Trim the
ends to the same length of the dragonfly wings.
